HEBREW SUFFERERS

Rabbi Abram Simon Addresses an Appeal to Ministers of Christian Churches.

With contributions still pouring in on Treasurer Julius I. Peyser, the total amount contributed by Washingtonians for the relief of war-stricken Hebrews in Europe was announced as \$12,200 today. In addition to this sum, Treasurer Peyser received today fifteen pledges for amounts ranging from \$10 to \$50. The total, will run close to \$14,000. Mr. Peyser said.

A nation-wide movement to raise funds for the suffering Hebrews will be made next Thursday, the day set apart by President Wilson in a special proclamation for the giving and receiving donations for this humanitarian cause. All over the United States next Thursday special committees, like the one in Washington, of which Simon Wolf is chairman, and representatives of the Red Cross, will receive donations.

With a view of stimulating interest in the movement. Rabbi Abram Simon has requested all local ministers to mention national relief day for Hebrews in their pulpits tomorrow. nation-wide movement to raise

pulpits tomorrow. Rabbi Simon has issued the following appeal to ministers of Christian churches:

"Conscious of the generous sympathy of the Christian community in every de-serving cause, I most respectfully ask the ministers of the Christian churches to utilize a few minutes of their Sun-day service to a practical publicity of President Wilson's designation of Jan-uary 27 as the national relief day and to invite contributions of money for the Jewish war sufferers."

MAY GO DEEP INTO MARSHALL CHARGES

Probabilities are today that the House Judiciary Committee, will extend its inquiry into the impeachment charges made against District Attorney H. Snowden Marshall, of New York, by Congressman Buchanan, of

Illinois. It was said this does not mean that the committee is considering the #60 port of an impeachment resolution. but it probably will ask the House for authority to summon witnesses and take additional testimony, the broad-ening of the inquiry being regarded as necessary because of the serious-ness of the preliminary charges. The principal charges against Mr. Marshall have so far been made by Mr. Buchanan and David and Maxwell Slade, two New York attorneys.

Indications are that the Judiciary Committee will soon bring into the House a resolution asking for authority to hear witnesses represent-ing both sides and to put these wit-nesses under oath.
